GEMINOX IP ASSIGNMENT AGREEMENT

THIS GEMINOX IP ASSIGNMENT AGREEMENT, dated as of July 14, 2005 ("Assignment"), between Innovene USA LLC (successor in interest to BP Amoco Chemical Company with respect to the Geminex Technology), a Delaware corporation with an address at 200 East Randolph Drive, Chicago, Illinois 60601 ("Assignor"), and ISP Investments Inc., a Delaware corporation with an address at 300 Delaware Avenue, Suite 303, Wilmington, Delaware 19801 ("Assignee").

WITNESSETH:

WHEREAS, BP Amoco Chemical Company and ISP Lima LLC ("Buyer") are parties to an Asset Purchase and Sale Agreement, dated as of March 4, 2005 (the "APA"), providing for the sale by BP Amoco Chemical Company to Buyer of certain assets and rights used in the manufacture of 1,4-butanediol, tetrahydrofuran and/or gamma butyrolactone at the plant located near Lima, Ohio (the "Business");

WHEREAS, either (a) the Lurgi Development Agreement has been assigned to and assumed by Assignee and all necessary consents for such assignment, if any, have been received from Lurgi or (b) the Lurgi Development Agreement has been replaced with an agreement and/or arrangement acceptable to Assignee, Assignor and Lurgi, which acknowledges that the assets described herein shall be assigned by Assignor to Assignee;

WHEREAS, Buyer has assigned to Assignee its right to receive Assignor's right, title and interest in the Assigned Intellectual Property; and

WHEREAS, in accordance with the terms of the APA, the parties desire to enter into this Assignment providing for the assignment by Assignor to Assignee (as Buyer's designated assignee) of all of its right, title and interest in, under and to all of the Assigned Intellectual Property (as defined below).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound hereby, agree as follows:

1. Assignment. Assignor hereby sells, assigns, transfers, conveys and delivers to Assignee, its successors and assigns, all of its right, title and interest throughout the world in, under and to all of the Intellectual Property (as defined in the APA) related Solely and Exclusively to the Geminex Process (except for any such Intellectual Property which (i) has been previously assigned in the IP Assignment Agreement dated March 16, 2005, or (ii) is included in the scope of "Excluded Assets" as defined in the APA), including without limitation the intellectual property set forth on Schedule A hereto (the "**Assigned Intellectual Property**"), free and clear of all Liens, and any and all rights thereunder or in respect thereof in all countries where Assignor has rights therein, to be held and enjoyed by Assignee, its successors and assigns or their legal representatives as fully and entirely, but only to the extent, as the same would have been held and enjoyed by Assignor if this Assignment had not been made. Assignee recognizes

and acknowledges that there is significant overlap between the Intellectual Property disclosed and licensed to Assignee for use in the conduct of the Business and the intellectual property of other businesses of Assignor and that the assignment herein is only with respect to the Intellectual Property (as defined in the APA) used Solely and Exclusively in the conduct of the Business.

2. Further Assurances. Assignor shall cause each of its Affiliates and their respective employees to, from time to time, execute and deliver to Assignee such additional instruments, assignments, documents, conveyances or assurances, including, without limitation, such patent assignments, trademark assignments, assignments of unpatented inventions, assignments of unregistered trademarks, in form and substance reasonably satisfactory to Assignee, as shall be reasonably requested by Assignee, and take such other action as shall be reasonably necessary to confirm and consummate more effectively the transactions contemplated hereby. All costs associated with filing and recording such assignments and other documents shall be borne by Assignee, provided, however, that Assignors shall prepare or cause to be prepared (at their cost) all assignments, powers of attorney and other documents necessary to transfer ownership of all registered Intellectual Property being transferred pursuant hereto, which assignments, powers of attorney and other documents shall be subject to Assignee's prior reasonable review and approval.

3. Governing Law. This Assignment shall be governed and construed in accordance with the laws of the State of New York, without giving effect to the principles of conflicts of laws thereof.

4. Relationship with APA

(a) Defined Terms. Capitalized terms used herein without definition shall have the meanings set forth in the APA.

(b) This Agreement is an instrument of transfer and conveyance contemplated by, and is executed and delivered pursuant and subject to, the APA, and nothing contained herein shall be deemed to modify any of the provisions of the APA or any representation or warranty of Seller under the APA or any rights or obligations of Assignee or Seller under the APA. SUBJECT TO THE EXPRESS REPRESENTATIONS AND WARRANTIES CONTAINED IN THE APA, ASSIGNOR DOES NOT MAKE, AND EXPRESSLY DISCLAIMS, ANY REPRESENTATIONS OR WARRANTIES WITH RESPECT TO THIS ASSIGNMENT.

(c) Seller and Assignee agree to allocate liabilities between themselves as set forth in the APA and indemnify each other and hold each other harmless as set forth in Article XIII of the APA for liabilities and obligations asserted in connection with or arising out of this Assignment.

5. Counterparts. This Assignment may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument.
